

Asia's Innovative Technology Showcase for the Building, Electrical Engineering and Security Industries

4-6 MAY 2016 Hong Kong Convention and Exhibition Centre

Post Show Report

Connecting Green Building and Business

Build4Asia 2016 concluded on 6 May at the Hong Kong Convention & Exhibition Centre with great success. The showcase with promising results, received a total of 9,494 visitors, of which 15.4% came from overseas, and 457 exhibiting brands ranging from Hong Kong, China, Macau, Dubai, Malaysia, Austria, Germany etc. to represent the innovations of sustainable development from around the world.

Officiated by Mr Wong Kam Sing, JP, Secretary for the Environment during the Opening Ceremony, Build4Asia was a highly rated event in responding to the current trend to utilise renewable energy management with eco-friendly technologies. The 3 sectors – Asian Elenex, Asian Buildtex and Asian Securitex reinforced the benchmark of Asia's innovations of the Building, Electrical Engineering and Security Industries, and offered a myriad of products in-demand for the rise of green building development in Asia.

2016 Visitor Origins

- ◆ Head of IT, AVSECO

Supportive Reviews from Visitors

“

I have been visiting Build4Asia for many years, and the showcase is very good for consulting and catching up market trends as there are many innovations for the construction industry to source. I will definitely come back in 2018 to see more!

Mr Raymond K.L. Chan
President, The Hong Kong Association of Energy Engineers

Build4Asia is a very well organised industry tradeshow with wide range of products and educational events. ROCKFON's Acoustic Ceiling is very innovative for the Architecture & Interior industry, Panasonic and Ricoh offer excellent presentations and services too!

Mr Raymond Tsang
Manager, Metro Fortune Company

Build4Asia is a comprehensive tradeshow for the construction industry. The booths of Earth Products China Ltd, Nexans Cabling Solutions and China Telecom are well worth visiting; overall the event is very successful with great passion.

Mr Ben Li
Vice Chairman – ECS, IET Hong Kong

The show has a lot of interesting products in electrical engineering and innovations of sustainable development. Overall the show is great, I will surely come back to visit.

Mr Hin Wing Lawrence Wong
Executive Committee Member, HK Electrical Contractors' Association

Build4Asia is a must-visit tradeshow with very good services. Offering extensive selections of innovations, the show mobile app is helpful to review products for future purchasing.

Mr Wah Wong
Sustainability Manager, MGM Macau

This is my first visit to Build4Asia and I feel there are wide range of products with big brands such as Schneider and CET Opto Co Ltd. The hall atmosphere is also excellent, I hope to come back again.

Mr Maciej Cichon
Electrical Engineer, Burro Happold

Exhibitors' Feedbacks

We have tremendous responses throughout the 3-day exhibition! Great opportunities to give demonstrations of our new product, and a great atmosphere from visitors, we have met many experts from the construction and design industry.

Mr Louis Hui
Assistant Director, Canon Hongkong Co., Ltd.

We have a very good experience at Build4Asia as the showcase is a great platform to meet and communicate with lots of potential clients from the China region and Asia Pacific.

Mr Ben Ching
Product Manager, The Getz Corporation (Hong Kong) Ltd

Build4Asia 2016 is a great success to us, it provides the chance to meet with industry professionals and showcase our latest innovations. It is truly a platform for business opportunities.

Mr Sam Han
Marketing and Communications Manager, BAFCO Hong Kong Ltd

Build4Asia is our first ever tradeshow to exhibit and it is fantastic! We are able to meet many customers and have successfully raised awareness for our new service and products. The showcase is great exposure.

Mr Ricky Li
Manger, IKEA Business

Support to Build Smart City

Build4Asia is a biennial event of Hong Kong Exhibition Services Ltd, a sincere thanks to all exhibitors, visitors, supporting organisations and supporting publications for all of their contributions, we hope to see you again in 2018.
